4-6pm

At our office

Join us as we welcome the NE regional manager to speak about Testo's RSA analyzers

Considering going digital? These are the same questions we all faced when thinking about combustion analyzers ten years ago.

4:00-4:30 Pizza Class ends at 6:00

AC and Refrigeration System Analyzers are easy to use yet provide the most accurate readings for set-up and service of all air conditioning/refrigeration systems and heat pumps. These instruments provide fast, real-time superheat and sub cooling readings.

Additional Testo product discounts are available for students who attend
